# 1. The Stipendium Hungaricum Scholarship Programme

## 1.1. Mission of the Programme

Hungary provides high quality education in the heart of Europe. Today, there is a growing demand of international students to study in Hungary. Besides the quality of education and degrees recognised throughout Europe and beyond, students are attracted by the affordable living costs with an extremely favourable cost-to-value ratio, a safe and friendly living environment with convenient public transportation, the central location of the country in Europe and the unspoiled natural beauties combined with a 2000 year-old, rich Hungarian history and several UNESCO World Heritage Sites. Hungary is also within the top countries with the highest number of scientific Nobel Prize Winners per capita, and a numerous scientific inventions from Vitamin C to Rubik's cube and so on.

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government. The main goal of the programme regarding the education policy is to support the internationalisation of the Hungarian higher education and its constant development, to strengthen the international relations of the Hungarian academic and research community, to enhance the cultural diversity of the higher education institutions and to promote the good reputation and competitiveness of the Hungarian higher education throughout the world. The programme also aims to establish and encourage the personal and professional attachment of foreign graduated students to Hungary and contribute to the promotion of the Hungarian culture and language abroad.

**The core mission of the programme is to increase the number of foreign students in Hungary and to encourage Hungarian higher education institutions to attract top foreign students.**

The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary or between institutions. Currently nearly 70 Sending Partners are engaged in the programme throughout 5 different continents and the geographical scope of the programme is spreading each year.

Thousands of students from all around the world apply for higher educational studies in Hungary each year. **The number of Stipendium Hungaricum applicants is continuously increasing as well as the number of available scholarship places.** In the 2018/2019 round of applications, more than 4100 scholarships were awarded. In the academic year 2019/2020 more than 5000 students can begin their studies in Hungary in the framework of the Stipendium Hungaricum Programme.

The Programme is managed by Tempus Public Foundation.

## 1.2. Available Scholarship Types

### 1.2.1. Study Levels

Stipendium Hungaricum scholarships are available for bachelor, master, one-tier master, doctoral and non-degree programmes (preparatory and specialisation courses).

Available Types		Scholarship	Duration		Qualifications at the end of programme		Available study modes
			full time	partial (exchange)	full time	partial (exchange)	
Degree programmes	Bachelor programmes	2-4 years	1 or 2 semesters	BA or BSc degree	certificate of completion	full degree and partial (exchange)	
	Master programmes	1.5-2 years	1 or 2 semesters	MA or MSc degree	certificate of completion	full degree and partial (exchange)	
	One-tier master programmes	5-6 years	1 or 2 semesters	MA or MSc degree	certificate of completion	full degree and partial (exchange)	
	Doctoral programmes	2+2 years	1 or 2 semesters	doctoral degree	certificate of completion	full degree and partial (exchange)	
Non-degree programmes <sup>1</sup>	Preparatory course in Hungarian language	1 year	-	certificate	-	full degree	
	Specialisation courses	up to 1 year	-	certificate	-	full degree	

**Note about one-tier master programmes:**

In the Hungarian education system, one-tier master programmes cover both the bachelor and the master level of studies; therefore it is an undivided master programme that results in a master degree. These one-tier programmes are offered in specific study fields such as general medicine, pharmacy, dentistry, architecture, law, veterinary surgery, forestry engineering, etc.

**Note about doctoral programmes:**

According to the current Hungarian legislation, the duration of doctoral programmes is 8 semesters. The doctoral studies consist of two different phases: the first one is a two-year long period for professional training and research, while the second two-year long section is for research and dissertation. At the end of the first 4 semesters, doctoral students are obliged to take a complex exam in order to assess the educational and research progress of the student. Doctoral students can only continue with the second two-year phase if they pass this exam. The amount of the monthly scholarship is different in these two phases of doctoral programmes. Please see section 1.3 about financial details and section 3.2.2. about the details of application for doctoral programmes.

**1.2.2. Study Modes**

Both full degree and partial (exchange) study modes are available, depending on/defined in the specific bilateral educational cooperation agreement. Full degree programmes are programmes that lead to a bachelor, master or doctoral degree. One-year programmes do not lead to a degree but provide a preparatory course before a degree programme or a specialisation course after a degree programme.

<sup>1</sup> Please see section 2.6. for details about preparatory and specialisation courses!

Partial (exchange) studies are one- or two-semester long exchange studies that are part of the student's degree studies in their sending higher education institutions. Therefore, those who apply for partial (exchange) studies must be registered in and must have a student status at a higher education institution that operates outside of Hungary. In case of partial (exchange) studies, applicants can only apply to those study levels (bachelor, master, doctoral) that they are attending in their sending, home institutions. Partial (exchange) studies are not available for preparatory and specialisation courses. Partial (exchange) studies are available for up to one academic year and no further extension is possible.

**Please be extra cautious when selecting your preferred study programmes in the online application system as most of the study programmes are offered both as full degree and partial study programmes, therefore these programmes appear twice. Please make sure that you select the programme marked with the study mode of your desire because it is not possible to change the study mode after submitting your application!**

### 1.3. Provisions Covered by the Scholarship

- **Tuition-free education**
  - exemption from the payment of tuition fee
- **Monthly stipend**
  - **non-degree, bachelor, master and one-tier master level:** monthly amount of HUF 40 460 (cca EUR 130) contribution to the living expenses in Hungary, for 12 months a year, until the completion of studies
  - **doctoral level:** according to the current Hungarian legislation, the monthly amount of scholarship is HUF 140 000 (cca EUR 450) for the first phase of education (4 semesters) and HUF 180 000 (cca EUR 580) for the second phase (4 semesters) - for 12 months a year, until completion of studies. Please see details in section 1.2.1.
- **Accommodation contribution**
  - free dormitory place or a contribution of HUF 40 000/month to accommodation costs for the whole duration of the scholarship period
  - Please note that if the student does not live in the dormitory, then the HUF 40 000/month is a contribution to that rental costs, and in bigger cities – especially in the capital city – this contribution would not cover the full amount of rental costs.
- **Medical insurance**
  - health care services according to the relevant Hungarian legislation (Act No. 80 of 1997, national health insurance card) and supplementary medical insurance for up to HUF 65 000 (cca EUR 205) a year/person

Please bear in mind that these provisions are **only a contribution** to the living expenses of the Scholarship Holders. It means that it **does not fully cover all the costs of living** and the students need to add their own financial resources in order to cover all living expenses in Hungary. All applicants are highly advised to check the expected living expenses both in Hungary and in the city that they wish to live in before applying; please do check our Cost of Living Calculator by clicking here: <http://www.studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

## 2. Eligibility

## 2.1. Eligible Sending Partners

The Stipendium Hungaricum Programme is based on effective bilateral educational cooperation agreements between the Ministry of Human Capacities of Hungary and the partner's Ministry responsible for higher education. Applications will be considered eligible if the applicant is nominated by the responsible authorities of the Sending Partner.

**For partial (exchange) study programmes, students can apply from the following Sending Partners:** Federative Republic of Brazil, Japan, Kingdom of Cambodia, Lebanese Republic, Mongolia, People's Republic of China (only Hudec applicants), Republic of Albania, Republic of Belarus, Republic of India, Republic of Korea, Republic of Turkey, Socialist Republic of Vietnam, Russian Federation, Syrian Arab Republic, United Mexican States.

Please note that this list can be subject to change because new sending partners/countries might join the programme. In this case, Tempus Public Foundation is only able to open the application surface for a new programme country if

- there are still at least 30 days left to the deadline of student applications at the time when Tempus Public Foundation is officially informed about the new bilateral educational cooperation agreement, AND
- in case the partner relation has already appointed the authority that should be responsible for managing the scholarship programme from the sending country' side.

Please note that these requirements also apply in case a bilateral educational cooperation agreement is replaced with a new agreement or in case there are changes in the new agreement.

Please note that the programme is implemented by direct cooperation with the responsible authorities of the Sending Partner. The application does not have any additional costs, therefore we highly suggest you not to apply through any agencies. However, for your information you can find the list of agencies that the Hungarian universities work with, [please click](#) here to check, the list is updated regularly.

## 2.2. Non-eligibility

Applications will not be considered in the following cases:

- **Hungarian citizens (including those with dual citizenships), persons granted a refugee status (“menekült), persons enjoying temporary protection (“menekültes”), persons admitted for subsidiary protection (“oltalmazott”) and persons granted temporary protection (“befogadott”),**
  - Please note that this requirement is not only for applicants but for Scholarship Holders as well; it means that e.g. if you obtain a Hungarian citizenship or a refugee status during your studies in Hungary, you automatically lose your scholarship status.
- Applicants with a citizenship different from the sending country/territory. For example, only Brazilian citizens can apply through the Brazilian Sending Partner.
- Applicants born after 31 August 2001 (= applicants under 18 years old as of 31 August 2019) **except** applicants applying for Dance study programmes,
- Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are applying for a study level below their self-financed studies. It means that:
  - self-financed master students of a Hungarian higher education institution cannot apply for bachelor studies, and
  - self-financed doctoral students of a Hungarian higher education institution cannot apply for master studies.
- Those former Stipendium Hungaricum Scholarship Holders who were **awarded for full degree studies** and who
  - are now re-applying for full degree or partial (exchange) studies **in the same cycle of education** (non-degree studies, bachelor, master, one-tire master, doctoral level) – **(therefore, those Stipendium Hungaricum Scholarship Holders can apply for the programme who apply to continue their studies at a different cycle of education, e.g. bachelor scholarship holders can apply for master studies!)**
  - or who are now re-applying for the programme for any cycles of education while they still have a scholarship status at the time of application (unless they withdraw their former scholarship before the application deadline) and will not receive their degree until 31 August 2019,
  - or who have postponed the start date of their scholarship studies and did not withdraw their scholarship before the current application deadline.
- Those former Stipendium Hungaricum Scholarship Holders who were **awarded for partial (exchange) studies** and who
  - are now re-applying for partial (exchange) studies in the same cycle of education (non-degree studies, bachelor, master, one-tire master, doctoral level) – (therefore, those Stipendium Hungaricum Scholarship Holders can apply for a different cycle of education, e.g. former bachelor scholarship holders can apply for master partial (exchange) studies if they are now master students in their home countries!)

Therefore, please note that it is only possible to re-apply for full degree scholarship studies in the same cycle of education if the former Stipendium Hungaricum Scholarship Holder was previously awarded for partial (exchange) studies! Even in this case, the lengths of the full degree scholarship shall be reduced by the lengths of the previous partial (exchange) studies.

**Important note for self-financed students already studying in Hungary:**

Those applicants who are **registered self-financed / fee-paying students** of a Hungarian higher education institution at the time of the application deadline **AND** who are now applying for the same study level are only eligible to apply for the Stipendium Hungaricum programme if

- they are recommended by their Hungarian host universities where they are studying at the time of application, AND
- if their cumulative, corrected sum average (“összesített korrigált kreditindex”) is higher than the students’ average performance at the particular study programme (“szakátlag”).

For example, self-financed master students enrolled in Hungary can apply to continue their studies with the scholarship on the same master level only if they are recommended by their university and their cumulative, corrected sum average is above average. Please see further details about the optional application documents in Section 3.2.3. of the call.

### 2.3. Available Host Institutions and Study Programmes

28 Hungarian higher education institutions are engaged in the Stipendium Hungaricum Programme for the 2019/2020 academic year with more than 500 study programmes in foreign languages (more than 450 of them in English language). Study programmes are generally available in English and Hungarian languages, with some programmes offered in German and French as well.

The full list of available study programmes and Host Institutions is accessible on the “Study Finder” section of our website (<http://studyinhungary.hu/study-in-hungary/menu/find-a-study-programme/study-finder.html>) and in the online application system. Please note that only these study programmes can be applied for.

Applicants are eligible to apply only for those scholarship types and study fields that are determined in the educational cooperation programmes in effect between Hungary and the specific Sending Partner. **Please see Annex 1 for the full list** of available study fields regarding your sending country.

### 2.4. Order of Selected Study Programmes

In addition to the first choice of study programme, there is the opportunity to apply for an additional, second study programme. Therefore, each applicant can apply for **up to TWO different study programmes, in order of preference**. These two study programmes can be both at the same Host Institution and at different Host Institutions; it is the applicants’ decision.

The order of preference is essential. During the application process, the first selection and examination process will be conducted for the study programmes selected as the first choices of applicants. The first priorities will be considered first and then, **only the remaining free places will be filled with those applicants who are not approved for their first choice of programmes**. In this way, the chances of receive the scholarship are relatively higher for the study programmes selected as first choices because there are more free places at that time.

Please note that after submitting the application, the selected programmes (including the study language and the study mode!) and the order of preference cannot be changed by the applicant! We highly advice all applicants to carefully check the [minimum entry requirements](#) of the study programmes and take time to decide on the order of the two programme preferences! We also highly encourage the applicants to increase their chances of receiving the scholarship by apply for not only one but two study programmes in total!

## 2.5. Language of Study Programmes

Applicants are eligible to apply only if they meet the minimum language criteria set by the chosen host higher education institution. Please visit the “Study Finder” section of our website: <http://studyinhungary.hu/study-in-hungary/menu/find-a-study-programme/study-finder.html>) and/or the online application surface to see the exact language criteria for each study programme!

Study modes	Study programmes taught in English and other foreign languages		Study programmes taught in Hungarian language			
			applicants with at least an intermediate (B2) level of Hungarian language knowledge		applicants with basic or no Hungarian language knowledge	
	minimum level of knowledge	language preparatory year	minimum level of knowledge	language preparatory year	minimum level of knowledge	language preparatory year
<b>Full degree studies</b>	level of English proficiency determined by the Host Institution	none	level of Hungarian proficiency determined by the Host Institution	none if the language certificate is uploaded	level of English proficiency determined by the Host Institution, usually basic level	yes, obligatory one-year Hungarian language preparatory course
<b>Partial (exchange) studies</b>					not possible to apply	not possible to apply

### Note about language choice in the online application system:

The study programmes are listed as foreign language programmes in the online application system by default. However, if you wish to study in Hungarian language, you need to answer the “Do you speak Hungarian and plan to perform your studies in Hungarian?” question on the application form with “Yes, I speak Hungarian and I would like to study in Hungarian.” If you select this, you can only be considered for studies in Hungarian language, therefore please be cautious when filling out the online application form.

### 2.5.1. Studies in English or Other Foreign Language

Students shall have a level of proficiency in the language of education as required by the Host Institution. The applicants need to directly apply for the study programmes in the online application system.

### 2.5.2. Studies in Hungarian Language

Those applicants that have at least an intermediate (B2) level of Hungarian language knowledge can apply to Hungarian study programmes directly. The copy of the proof of at least a B2 level language knowledge has to be uploaded as part of the application in the online system. Please note that if you only apply to Hungarian study programmes directly, but fail to upload the proof of at least a B2 level language knowledge in Hungarian, then you cannot be admitted to any places. If you wish to apply for a Hungarian language programme, you need to select your choice of programme in the online application system and answer the “Do you speak Hungarian and plan to perform your studies in Hungarian?” question on the application form with “Yes, I speak Hungarian and I would like to study in Hungarian.”

Those applicants that do not have at least an intermediate (B2) level of Hungarian language knowledge shall complete an obligatory one-year Hungarian language preparatory course before

starting their degree courses. For this, the applicants are usually required to have at least a basic level of English proficiency. In the online application system, the applicants need to apply directly for the preparatory course (and NOT for the degree programme they wish to start after the language preparatory year). To see all Hungarian language preparatory courses and entry requirements, please check the [“Study Finder” section](#) of our website and select “OP” at the “Level of studies” row which stands for “other programme”.

## 2.6. Preparatory and Specialisation Courses

Besides full degree programmes, full-time non-degree programmes are also available within the programme in certain cases, for up to one year. **Please read this section if you are applying for study programmes in the field of Music or Engineering.**

Preparatory courses are non-degree programmes before starting a bachelor or master level degree programme at a Host Institution (both with the scholarship). Specialisation courses are non-degree programmes after completing a bachelor or master level degree programme, therefore it is for those who already have a degree.

Regarding the preparatory courses, applicants can ONLY apply for Hungarian language preparatory programmes. Even these preparatory courses can ONLY be applied for if the student wishes to continue his/her degree studies at a Hungarian language programme after the preparatory year. After completion, it is not possible to continue the studies in English or other foreign languages. Please see Section 2.5.2. for further details about this.

However, ONLY in case of English language full degree study programmes in the field of Engineering and Music, during the institutional entrance examination process and based on the professional evaluation of the applicant, the host institutions have the right to make the decision to admit the applicant for a preparatory course (up to 1 year) before they can actually start their full degree programmes. This is only available for a preparatory course before bachelor and master level programmes in the field of Engineering and Music. Applicants therefore cannot directly apply for preparatory courses in English language; it is always the host institutions’ decision if a professional preparation year is necessary or not.

Specialisation courses conducted in English language are ONLY available in the field of Music. Applicants should directly apply for these in the online application system. To see the specialisation courses and entry requirements, please check the [“Study Finder” section](#) of our website and select “OP” at the “Level of studies” row which stands for “other programme”.

Besides the documents listed in Section 3.2.1, applicants applying for studies in field of Arts and/or Music need to upload the following documents as well. Those applicants who are registered self-financed / fee-paying students of a Hungarian higher education institution at the time of the application deadline AND who are now re-applying for the same study level are only eligible to apply for the Stipendium Hungaricum programme in cases listed in Section 2.2. about non-eligibility.

Apart from the requirements about the average performance of the applicant, they need to be recommended by their Hungarian host universities where they are studying at the time of application. Therefore, we recommend all of these applicants to contact their universities and discuss whether the university wishes to recommend them for the scholarship.

In case you are recommended, please ask for a recommendation letter issued by the Hungarian university and upload it in the online application system until the application deadline.

## 3.3. Missing Documents

All documents listed in Section 3.2. are **compulsory** application documents. However, certain documents are accepted to be uploaded even after the application deadline, **provided that** the applicant could not possibly obtain the document by the deadline of application.

In this case, the applicants need to upload a signed declaration saying that they will obtain and upload the missing document(s) until 1 August 2019 the latest. No missing document will be accepted if the declaration is not uploaded until 15 January 2019 and/or if the missing documents are not uploaded until 1 August 2019, thus such applications will automatically be rejected.

**All applicants are highly advised to carefully read our Application “Dos and Don'ts” document (please [click here](#) to access) as well as the Privacy Policy (see [Annex 4](#)) that they need to consent to in order to submit the application.**

The information provided on the application – including the study programmes and their order of preference – cannot be changed after the application is submitted! By submitting the application, the applicant declares that all information provided on the online application surface of Tempus Public Foundation – including the content of all uploaded documents – are true and correct to the best of their knowledge and belief.

### **3.4.2. Application to the Sending Partners**

All applications shall also be submitted to the responsible authority of the Sending Partner. Each Sending Partner might have different deadlines and requirements for submitting the application material. **Applicants are strongly advised to contact the responsible authority at their Sending Partner as soon as possible and inquire about the exact procedures.** For contact details of the responsible authority of the Sending Partner, please visit our website or [click here](#).

The responsible authority of the Sending Partner will review and pre-select the applications. A nomination list, including a reserve list will be forwarded to Tempus Public Foundation by the Sending Partner until the end of February 2019. **Applications will be considered only if the applicant is nominated. No other applications will be considered.**

### **3.4.3. Flow Chart of Application Process**

Please note that the dates are indicative.

## 3.5. Selection Procedure

### 3.5.1. First Round of Selection: technical check and the nomination of Sending Partner (January-February 2019)

The applications only saved but not submitted will be automatically rejected. The applications successfully submitted in Tempus Public Foundation's online application surface are first checked. This is called a technical check and it is done by Tempus Public Foundation. In this step, we check some of the eligibility criteria; for example the age, citizenship, the previous scholarships, and check if the applicant has applied for a scholarship type and/or study programme that is available within the framework of the programme and that is available for the applicants of the particular sending country/territory. Also, we will formally check if the required documents are uploaded in the application system or not and check if the Statement for Application is accepted in the system. However, it is the Host Institution that checks whether the uploaded files and their quality can be accepted and whether these documents meet their entry requirements or not.

Applicants will be automatically rejected during the technical check if they

- do not successfully submit their application in the online system until the 15 January 2019,
- are Hungarian citizens, hold a Hungarian dual citizenship or they are persons granted a refugee status, enjoying temporary protection, admitted for subsidiary protection or granted temporary protection,
- have a citizenship that is different from the sending country/territory they apply through,
- were born after 31<sup>st</sup> August 2001 (except those applying for Dance study programmes),
- do not accept the Statement for Application (please see [Annex 3](#) for sample) in the online system, or they
- are former Stipendium Hungaricum Scholarship Holders or self-finances students at a Hungarian higher education institution in cases described in Section 2.2. about non-eligibility.

These eligible and successfully submitted applications are forwarded to the responsible authorities of the Sending Partners for review and pre-selection. The exact methods and guidelines of the Sending Partners' selection are determined by the Sending Partners. After the selection decision of the Sending Partner, a nomination list, including a reserve list will be issued and forwarded to Tempus Public Foundation by the Sending Partner until 28 February 2019.

**Applicants can only apply through sending countries/territories of their own nationality. Sending Partners can only nominate applicants with the same citizenship. Only nominated applicants can continue to the second selection point; the institutional evaluations.**

### 3.5.2. Second Round of Selection: the institutional evaluation (March- May 2019)

The application materials of the nominated applicants (including the reserve list) are forwarded to the Host Institutions for professional evaluation. The institutions will also run a formal check first to see if all the documents submitted by the applicants meet the requirements of the Call for Applications and the minimum entry requirements of the study programmes.

Applicants with an eligible, formally correct application that meet the minimum entry requirements can proceed to the institutional entrance examinations. Each applicant can participate in up to two institutional entrance examinations – based on the submitted application form.

The exact date and method of the entrance examination varies by institutions. The methods of examination are available on the “Study Finder” section of our website: <http://studyinhungary.hu/study-in-hungary/menu/find-a-study-programme/study-finder.html>. **Each applicant will be individually informed about further details (e.g. date of examination) directly by the Host Institutions.**

As applicants can apply for up to two study programmes, **the institutional examinations are conducted in two rounds.**

1. First, the applications for the first selected study programmes are considered by the universities. The examination process for the first selected programmes can be expected from 18 March to 30 April 2019, however the dates are indicative.
2. Finally, the applications for the second selected study programmes are considered. The examination process for the second selected programmes can be expected from 18 March to 20 May 2019, however the dates are indicative.

Depending on the Host Institutions’ schedule of examinations, it is possible that there will be no entrance examinations for the second study programme selected by the applicant – in case the applicant is already approved for the scholarship for the first selected study programme.

**Applicants for Medical programmes**, please note that the field of Medical studies is one of the most competitive study fields in the Stipendium Hungaricum Programme due to the very high number of applications and the limited number of scholarship places. As a result, most of the Host Institutions are expected to fill all their medical scholarship places during the examination of those who applied for their programme as a first selected choice. As a consequence, applicants for Medical programmes can expect that the Host Institutions will not consider them if the programme is selected only as a second choice by the applicant.

The applicants are evaluated on a 100 point scale. The final examination results and the examination points given by the Host Institutions are then forwarded to Tempus Public Foundation.

**Important note: the minimum point that is required to be achieved is 56 points (on a 100 point scale). No applicants are able to receive a scholarship offer with an examination result below 56 points!**

### 3.5.3. Allocation of Admitted Applicants (May-June 2019)

Tempus Public Foundation is responsible for the allocation of the admitted applicants. In case of all countries participating in the programme, the allocation of the admitted applicants and the selection of Scholarship Holders depend of the allocation principles described in the Operational Regulations (see [Annex 2](#)) of the programme. In general, the principles are in the following priority order:

1. the content of the bilateral education cooperation agreements in effect between Hungary and the Sending Partner,
2. the capacity (minimum and maximum number of available places) of the university’s specific study programme (you can check it at the “Study Finder” section of [our website](#)),
3. the preference order of the selected study programmes on the application form (please carefully read Section 2.4 about this),
4. the examination results (maximum 100 points) given by the Host Institutions and the ranking order of the applicants on the Sending Partners’ nomination lists

Apart from these, priority is given to

- those doctoral applicants who upload a Letter of Recommendation written and signed by an already appointed future supervisor working for a Doctoral School accredited in Hungary (please see Section 3.2.2. for further details), and
- those exchange/partial study applicants whose sending home universities have a valid cooperation agreement with the Hungarian host university that they are now applying for.

Applicants can receive one of the following statuses:

- approved scholarship holder
- conditionally approved (in case any missing documents need to be uploaded)
- approved on waiting list (can only be approved if scholarship holders withdraw)
- rejected

The applicants will be informed about the application results around the middle/end of June 2019 (please see timeline at Section 3.4.3). Please note that applicants can expect only one information e-mail from Tempus Public Foundation about the results. Depending on the allocation results, applicants can expect this letter anytime throughout June and July; therefore we would like to ask for your patience. Please note that we are not able to reply to individual requests asking for the results because we inform all applicants centrally!

### 3.6. Acceptance of the Scholarship

Those who do not accept their scholarship until the deadlines below are automatically considered withdrawn from the scholarship.

Applicants who are awarded the scholarship, cannot receive a Scholarship Holder status if they

- withdraw the scholarship in a written form (sent to both Tempus Public Foundation and the Host Institution) or in the application system,
- do not upload their missing application documents until 1 August 2019
- do not accept their scholarship until the given deadline, or
- do not hold a secondary school graduation certificate until 1 August 2019, or
- withdrew their data protection (GDPR) consents.

#### 3.6.1. Acceptance of Scholarship for Approved Scholarship Holders

In order to gain a Scholarship Holder status, approved applicants must accept their scholarship and the Operational Regulations of the programme (see [Annex 2](#) for the Operational Regulations) in the online application system **in maximum two weeks after the receiving the notification e-mail about the application decision, but no later than 1 August 2019!**

#### 3.6.2. Acceptance of Scholarship for Conditionally Approved Scholarship Holders

If the applicant is conditionally approved because s/he has any missing documents that could be uploaded after the application deadline, all of these missing documents need to be uploaded in the online system immediately after receiving all documents (and after receiving the notification about the conditional status), and no later than 1 August 2019. Please see details in Section 3.3. about missing documents.

The conditional scholarship holders are only able to accept their scholarship in the online system if all missing documents are uploaded first!

After uploading all missing documents, the conditionally approved Scholarship Holders must accept their scholarship and the Operational Regulations of the programme (see [Annex 2](#) for the Operational Regulations) in the online application system **in maximum two weeks after uploading the missing documents, but no later than 1 August 2019!**

## 4. Studying in Hungary

### 4.1. Visa Applications

You are requested to **start your visa application process immediately** after receiving the positive decision about the scholarship. Officially, it may take 30 days until a visa is issued. In order to apply for visa to Hungary, you need to contact the relevant consular office. ### 4.2. Arrival and Enrolment

We highly recommend all applicants to visit our Study in Hungary website ([www.studyinhungary.hu](http://www.studyinhungary.hu)) for detailed information about life and education in Hungary. As mentioned in Section 1.3, please also check the expected living expenses with our [Cost of Living Calculator](#).

The Scholarship Holders are required to inform the institutional Stipendium Hungaricum coordinator of their Host Institution (please see contact details on our website) about their expected date of arrival 30 – but not less the 15 – days before arrival.

Successful applicants are expected to make their own travel arrangements to Hungary – no financial provisions will be provided for travel expenses by the Hungarian side. In accordance with current legislations, the Scholarship Holders are entitled to be exempt from the payment of any fees related to his/her admission to Hungary. No visa, administrative services or additional contribution is given to family members or accompanying persons.

Please note that the Stipendium Hungaricum Scholarship Programme does not fully cover all upcoming costs of the Scholarship Holder. It means that the students need to add their own financial resources in order to cover all living expenses in Hungary. All applicants are highly advised to check the expected living expenses both in Hungary and in the city that they wish to live in before applying; please do check our Cost of Living Calculator by clicking here: <http://www.studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

Scholarship Holders are expected to obtain their visa, arrive to Hungary and **register to the Host Institution no later than 30 September 2019** (for study programmes starting in the Autumn Semester) – or the date set by the Host Institutions. The applicant who is granted the scholarship must enrol to the Host Institution in the semester in which s/he was granted admission.

In principle, it is **not possible to postpone the start of the scholarship studies** to another semester or academic year – except for very special, unforeseeable, vis maior cases described in the Operational Regulations, with the special approval of Tempus Public Foundation. Therefore, in principle if the Scholarship Holder does not enrol until 30 September 2019 – or the date set by the Host Institutions, s/he will be automatically excluded from the scholarship programme.

Please note that the Host Institutions have to right to require the students to take a medical test at the time of enrolment, however it is free of charge for the Scholarship Holders.

## 4.3. Rights and Obligations

### 4.3.1. Operational Regulations, GDPR and Student Contract

**All Scholarship Holders are bound by the Operational Regulations of the Stipendium Hungaricum Programme. Please make sure to read it carefully: [Annex 2](#). The following text contains extracts from the Operational Regulations, however all Scholarship Holders must read the full text of the regulations.**

Scholarship Holders are required to sign a scholarship contract with the Host Institution including study-related details and the rights and obligations of the Scholarship Holders (see sample [on our website](#) or at the end of the Operational Regulations).

**The Stipendium Hungaricum scholarship is a contribution to the living costs of the Scholarship Holder only, therefore – within the framework of the programme – visa-related assistance, additional allowance and administrative services are not provided for any accompanying people or family members. The legal entity of the scholarship contract is exclusively the Scholarship Holder and the Host Institution.**

The Scholarship Holders are expected to follow the regulations of the Host Institution and continue their studies in good faith, to the best of their abilities, in order to meet the academic requirements of the study programme and thus finish the programme successfully. By accepting the scholarship, the Scholarship Holders agree to participate in the alumni system of the programme that support the maintenance of relationships with the Scholarship Holders and facilitates the flow of information – such as the alumni website, alumni events and surveys about the satisfaction of students, career monitoring and the evaluation of research activities.

Please note that the scholarship students generally complete 30 credits in a semester, therefore we suggest you to register courses with at least 30 credits in total. Please also note that if the scholarship students do not complete at least 18 credits during the last two semesters with an active student status, their scholarship status shall be terminated.

Please note that the Operational Regulations of the Stipendium Hungaricum Programme can be subject to change, and the Scholarship Holders are always bound by the regulations that is in effect at the given time.

Please note that in accordance with the General Data Protection Regulation (GDPR) in European Union law, all applicants need to give consents regarding data protection and accept the Privacy Policy in order to be able to submit an application. These consents appear in the system after registration as well as the Privacy Policy – that is also [Annex 4](#).

#### 4.3.2. Staying in Hungary

**Scholarship Holders are obliged to live and study in Hungary, therefore they are not allowed to live habitually in any other countries during the study period – otherwise their scholarship holder status will be terminated.** The student must register in person at the international office of the Host Institution at the beginning of each semester. The Scholarship Holders are obliged to inform their host institution if they leave Hungary during the study period for more than 10 days in a row.

#### 4.3.3. Other Scholarships and Double Financing

The Stipendium Hungaricum scholarship entitles Scholarship Holders to carry out studies in Hungary, therefore the Scholarship Holders are not entitled to use financial support for getting enrolled in full time or partial (exchange) study programmes outside Hungary (e.g. Erasmus +, CEEPUS, Campus Mundi) – except for short-term (not more than 10 workdays) periods for participation at conferences that are professionally relevant for the studies or research of the student – in case it does not affect the student in habitually living in Hungary and it can be financed by the Host Institution.

Applicants are also not eligible to receive the Stipendium Hungaricum scholarship in case they have another concurrent scholarship from the Hungarian central budget for studies in Hungary. If the Scholarship Holder was awarded more than one scholarship, s/he has to choose one of the scholarships and renounce from the other ones. However, the Host Institutions are allowed to provide additional financial support for the students on a social, performance-related or other basis.

#### 4.3.4. Termination of Scholarship Status

The details and cases when the scholarship status is terminated are listed in the Operational Regulations of the programme (see Section IV. of [Annex 2](#)). It is important to highlight that– after the consultation with Tempus Public Foundation and in case the university does not have other interior regulations about this – the Host Institution has the right to terminate the scholarship status of the student **if the students does not complete at least 18 credits during the last two semesters** when s/he had an active student status.

Besides, the scholarship status is terminated when the Scholarship Holders

- lose their student status at the appointed study programme of the Host Institution,
- withdraw the scholarship in a written form (sent to both Tempus Public Foundation and the Host Institution),
- have obtained their degrees (or completed their non-degree studies) at the study programme supported by the scholarship,
- have used up all scholarship semesters awarded to them and have not handed in an extension request or when they are not entitled for extension,

- cannot prove that they live in Hungary habitually and the Host Institution terminates their scholarship status for this reason,
- do not arrive and enrol until the registration date specified by the Host Institution (except cases described in the Operational Regulations,
- in other cases described in the Operational Regulations of the programme in effect.
